RE: EARLY BIRD REGISTRATION FOR RIWC 2020
10th February

Dear Recipient,

On behalf of the organising committee, I would like to remind you that the early bird registration for the Retina International World Congress 2020 (RIWC 2020) will close on Friday 28th February.

Link to registration:

The conference will take place from June 4th to 6th 2020, at Harpa Conference and Concert hall in Reykjavik, Iceland.

The RIWC 2020 will take place at the same time and at the same place as the Nordic Ophthalmology Congress 2020 (NOK 2020). We are pleased that part of the program of events will be jointly held with RIWC and NOK and we are expecting between six and 800 people.

We are very close to finalising a very ambitious program with six keynote speakers.

The RIWC 2020 program is open to all NOK 2020 participants. The program consists of 17 sessions some that are aimed at medical and scientific professionals while others are aimed at patient advocates and lay people. We have already secured 40 leading scientists from the Nordic countries, Europe and the USA, as well as patients and patient advocates to participate in these sessions.

Some other activities in Iceland.
